RECENT ADVANCEMENTS  
IN NEUROPHYSIOLOGY &  
NEUROPHARMACOLOGY  
2018

Institute of Pharmaceutical Research, GLA University, Mathura is organising a symposium on "Recent Advancements in Neurophysiology and Neuropharmacology (RANN-2018)" during November 2-3, 2018. The knowledge conveyed by academicians, researchers and industry professionals from the field of Pharmaceutical and Biomedical Sciences will be of great help to bring about advancements in the field of neurosciences.

## CONFERENCE TOPICS

The conference will broadly cover the following topics:

1. Emerging trends in neuropharmacology of traditional medicine system.
2. Neurophysiology and Neurotherapeutics.
3. Advances in Neurotoxicology.

## ABOUT THE DEPARTMENT

Institute of Pharmaceutical Research, GLA University, Mathura was established in 2006 to set a benchmark in the field of Pharmaceutical Education. The teaching technique of institute aims at laying a strong foundation for the students. We believe that finding a balance between theoretical and practical exposure is very important and a combination of both is necessary to impart quality education, with a professional touch. The well-equipped infrastructure at GLA University, with ready access for students, fulfils this need.
