

Distinctive

As per our Vision and Mission, placing our students in industry at the appropriate level is at top priority. We are proud that on the average over the last so many years we are able to place nearly 74% students through on-campus recruitment itself. The department of Training and Placement at GLA University is an integral part and backbone of the University. We at GLA University strongly believe in the creation of good quality human resources with training of intellectual minds. To help students stand out and gain competitive edge over others, we emphasize development of both functional skills and exceptional practical outlook. Our focus is on placing students in various establishments according to their area of interest and specialization. Numerous corporate interactions in the form of Guest Lectures, National Conferences, Workshops, Seminars, Webinars, and industrial visits are held to give students the exposure to real-life situations and experiences. Our Placement Ready Enhancement Program (PREP) through the training of verbal, numerical, logical, and analytical skills lead students to become industry-ready and enables them to face the interviews of various on-campus and off-campus placement drives.
